### EQUIPMENT

Participants use their own boats and camping equipment (there is a possibility to rent a kayak). Kayak trolleys are highly recommended.

## ACCOMMODATION AND MEALS

Participants use their own tents in camping places provided by the organizers. Not all camping places have full sanitary services. Organizers do not provide food. Each participant must be independent and self-supported.

## REMARKS

Please note that there is no guide or a pilot on the water during daily sections of the trip. Participation is on own responsibility and risk.

In the case of bad weather conditions threatening the safety of participants or preventing realization of the program, the organizer may decide to change the program.

## OPTIONAL WALKING TRIP TO THE SOURCES OF VISTULA

Before the start of Vistuliada, on Saturday, July 4, we are planning a full-day walking trip to Barania Mountain (1220 m a.s.l.) - to the sources of the Vistula.

From the bivouac at the Goczałkowicki Reservoir to the place near Barania Mountain we will go and return together by bus (the cost of transport will be estimated based on the number of participants). Ascent to the top, leading partly along Biała Wisetka river and the famous Rodło Cascades, will take us about 2.5 hours (along the blue trail). The descent from the mountain, leading partly along Czarna Wisetka is about 1 hour along the red trail and approx. 1,5 hours on the black trail. On the way down we will take a stop at the Przystół shelter (there will be possibility to eat a meal).

The condition of taking part in this escapade, in addition to being able to walk for several hours on forest paths in the mountains, is to have appropriate footwear (the trail is not very difficult, but even small mountains are mountains, and you can expect paths with mud, stones and protruding roots on the trail) .

If you want to participate in this trip, please select the appropriate option in the registration questionnaire.
